ABOUT USBR35

USBR35 covers 360 miles and 15 diverse counties through Indiana.

If you're riding about 50 miles a day, you can travel through the entire state in about one week!

Not interested in a weeklong bicycle tour? *No problem!* Enjoy a mix of rural scenery, urban downtown areas, and local hospitality at your own pace. Explore the entirety of Hamilton County on a day trip or weekend excursion.

Having the route approved was no small feat. It took three years before **USBR35** was made official in 2015 by the American Association of State Highway Transportation Officials, with help from Indiana Trails and the Adventure Cycling Association.

USBR35 currently runs from Sault Saint Marie, Michigan to Louisville, Kentucky and will eventually stretch all the way to the Gulf of Mexico.
